

SUN LOVE

Jacqueline
2018

Sun Things CC was formed in 1988 as a ladies swimwear manufacturer. The company specialises in the design of high quality swimwear using the most up to date fabrics and trims sourced both locally and imported from around the world.

Major retail chain such as Foschini, Donna Claire, Total Sports, The Fix and Clothing City sell ranges specially designed by the team at Sun Things.

On-line businesses such as Spree, Zando and Runway Sale have also joined a growing list of major suppliers of the various brands.

Sun Things has also been developing and manufacturing swimwear ranges for a number of independent designers. With our ability to manufacture smaller run quantities, but at the same time maintaining the very high level of quality, Sun Things is able to assist in the development of this growing market.

In addition the company employs agents who sell to independent stores and boutiques in South Africa, Namibia, Botswana and Mauritius.. The export of the locally made products is also becoming an important component of the business.

Being a specialist manufacturer and being able to keep in touch with the needs of our customers involves production runs in various cup sizes under the Jacqueline label, as well as maintaining high quality standards and this has given Sun Things a “niche” market.

The company produces swimwear under 5 different labels namely:

Jacqueline for the who requires underwire, tummy control and larger cup sizes.

Sun Love, which is aimed at the more fashion driven market

Jacqueline Plus for the fuller figure

Sun Things Kids for the younger generation

Euro Sun our in-house brand is used for on-line stores
